Submitting a Proposed Resolution sponsored by

TONI PRECKWINKLE, President, Cook County Board of Commissioners

NOW, THEREFORE, BE IT ORDAINED THAT Chapter 34, Article IV, Division 1, Sec. 34-121 of the Cook County Code, is hereby amended to include the following definition:

Professional Services means services rendered by members of a recognized profession or possessing a special skill. Such services are generally acquired to obtain information, advice, training or direct assistance.

BE IT FURTHER ORDAINED by the Cook County Board of Commissioners, that Chapter 34, Article IV, Division 2, Sec. 34-144(a) of the Cook County Code, is hereby amended as follows:

Sec. 34-144. Innovative procurement.

(a) The CPO may make a Procurement using innovative methods of procurement, including but not limited to electronic procurement, reverse auctions, electronic bidding, electronic auctions, prequalification, and pilot procurement programs that have no cost to the County. In order to implement innovative methods of procurement, either directly or through a service provider, the CPO must make a determination that such process is competitive and in the best interest of the County.

BE IT FURTHER ORDAINED THAT, Chapter 34, Article IV, Division 8, Sec. 34-260 of the Cook County Code, is hereby amended as follows:

Sec. 34-260. Short title.

This subdivision shall be known and may be cited as the Cook County Minority- and Women-Owned Business Enterprise General Ordinance. This subdivision is applicable to all Contracts, ~~including except~~ Public Works Contracts ~~other than as modified pursuant to~~ which are governed by ~~s~~Subdivision 2 of this Division 8.

BE IT FURTHER ORDAINED THAT, Chapter 34, Article IV, Division 8, Sec. 34-263 of the Cook County Code, is hereby amended as follows:

Sec. 34-263. Definitions.

The following words, terms and phrases, when used in this Subdivision I, ~~including both subdivision I and subdivision II~~, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning. Capitalized terms not defined in this section are defined

TABLE OF CONTENTS FOR JUNE 19, 2012

in Division 1 of this Procurement Code, or in Sec. 1-3 of the County Code. Additional terms applicable to subdivision II are set forth in such subdivision.

BE IT FURTHER ORDAINED THAT, Chapter 34, Article IV, Division 8, Sections 34-285 to 289 of the Cook County Code, are hereby amended as follows:

Subdivision II. Participation in Cook County Public Works Contracts

Sec. 34-285. Short title; incorporation of provisions.

This subdivision may be known and cited as the Cook County Public Works Minority- and Women-Owned Business Enterprise Ordinance and may be cited as such. ~~The provisions of the Cook County Minority and Women-Owned business Enterprise General Ordinance are applicable to Public Works Contracts, except to the extent modified hereby.~~

Sec. 34-286. Findings.

(a) The findings set forth in subdivision I Sec. 34-261 of this division 8 are incorporated herein by this reference.

(b) The requirement in subdivision I that minority- and women-owned businesses (M/WBEs) be allotted certain percentages of County construction contracts was ruled unconstitutional as applied to construction contracts in *Builders Association of Greater Chicago v. County of Cook*, 256 F.3d 642 (7th Cir. 2001). See also *Builders Association of Greater Chicago v. City of Chicago*, 2003 WL 1786489, 2003 U.S. Dist. Lexis 23287 (N.D. Ill. 2003).

(c) The President and the Board of Commissioners of the County of Cook, after considering (i) evidence presented at trial in *Builders Association of Greater Chicago v. City of Chicago*, 298 F.Supp.2d 725 (N.D. Ill. 2003) and *Northern Contracting, Inc. v. Illinois Department of Transportation*, 2005 U.S. Dist. LEXIS 19868 (N.D. Ill. Sept. 8, 2005); (ii) County statistical evidence of continuing discrimination against Blacks, Hispanics, Asians and women in the County's Procurements; (iii) the Report title, "Review of Compelling Evidence of Discrimination Against Minority- and Women-Owned Business Enterprise in the Chicago Area Construction Industry and Recommendations for Narrowly Tailored Remedies for Cook County, Illinois;" as well as (iv) anecdotal evidence of discrimination against minorities and women in the

County's Public Works Contracts; and (v) receiving and considering written reports, adopts the following findings as a strong basis in evidence supporting a narrowly tailored, remedial affirmative action program in Public Works Contracts.

(d) The County seeks to provide a level playing field and equal access for all prime contractors and subcontractors to participate in Public Works Contracts;

(e) The County has engaged in committee hearings in which the County has heard anecdotal evidence of discrimination in the construction industry, has commissioned a study on the levels of PCE participation in Public Works Contracts, has reviewed the report prepared

TABLE OF CONTENTS FOR JUNE 19, 2012

indicating evidence of discrimination in Public Works Contracts and has considered the evidence in relevant case law; and

(f) In the absence of application of the Program to Public Works Contracts, the County has witnessed a drastic decline in PCE in its Public Works Contracts, to levels below the availability of PCEs, and thus, the County would be a passive participant in a discriminatory marketplace without the application of PCE goals.

Sec. 34-287. Policy.

~~Based on the findings set forth in subdivision I, Sec. 34-261 and the findings set forth in subdivision II, Sec. 34-286, and in addition to the policy set forth at Sec. 34-262, the policy and purpose of this subdivision is to establish and implement goals for participation of PCEs in Public Works Contracts, in accordance with all applicable laws.~~

It is hereby found, determined and declared that the purpose of this Ordinance is to ensure the full and equitable participation of Minority- and Women-Owned Business Enterprises in the County's procurement process as both prime and subcontractors in the County's construction contracts. The County is committed to a policy of preventing discrimination in the award of or participation in construction contracts and has recommended appropriate narrowly tailored remedies to eliminate any such discrimination.

Sec. 34-288. ~~Program goals.~~ Applicability.

~~The Program Goal applicable to Public Works Contracts shall be a goal of twenty four percent (24%) of the annual total dollar amount of Public Works Contracts to MBEs and a goal of not less than ten percent (10%) of the annual total dollar amount of Public Works Contracts to WBEs. In establishing a Contract Specific Goal for Public Works Contracts, the CCD shall consider the availability of sufficient Certified MBEs and WBEs for each trade required as part of the project.~~

This subdivision shall apply to all construction contracts funded in whole or in part by County funds, regardless of the sources of other funds; provided that any contract with respect to which a goal for Minority-Owned Business Enterprise or Women-Owned Business Enterprise participation is inconsistent with or prohibited by State or Federal law shall be exempt from the goals included in this subdivision.

Sec. 34-289. ~~Commercially Useful Function.~~ Severability.

~~To determine whether a PCE is performing a Commercially Useful Function, the County will evaluate whether the portion of the work subcontracted to or by a PCE is in accordance with industry standards. For example, if a PCE subcontracts a greater portion of the work of a Contract than would be expected based on normal industry practice, it is presumed not to perform a Commercially Useful Function. In addition, to perform a Commercially Useful Function, the PCE must be responsible, with respect to materials, equipment and supplies used in performing its portion of the Contract, for negotiating price, determining whether quality meets specifications, ordering the material, installing (where applicable) and paying for the material itself.~~

If any section, subsection, clause or provision of this subdivision is held to be invalid by a court of competent jurisdiction, the remainder of the subdivision shall not be affected by such invalidity.

Sec. 34-290. Definitions.

Such delegations of authority must be revocable, and the Socially and Economically Disadvantaged owner(s) must retain the power to hire and fire any such person. The Socially and Economically Disadvantaged owner(s) must actually exercise control over the firm's operations, work, management and policy.

(4) The Socially and Economically Disadvantaged owner(s) must have an overall understanding of, and managerial and technical competence, experience and Expertise, directly related to the firm's operations and work. The Socially and Economically Disadvantaged owner(s) must have the ability to intelligently and critically evaluate

TABLE OF CONTENTS FOR JUNE 19, 2012

information presented by other participants in the firm's activities and to make independent decisions concerning the firm's daily operations, work, management, and policymaking.

(5) If federal, state and/or local laws, regulations or statutes require the owner(s) to have a particular license or other credential to own and/or control a certain type of firm, then the Socially and Economically Disadvantaged owner(s) must possess the required license or credential. If state law, County ordinance or other law regulations or statute does not require that the owner posses the license or credential, that the owner(s) lacks such license or credential is a factor, but is not dispositive, in determining whether the Socially and Economically Disadvantaged owner(s) actually controls the firm.

(6) A Socially and Economically Disadvantaged owner cannot engage in outside employment or other business interests that conflict with the management of the firm or prevent the owner from devoting sufficient time and attention to the affairs of the firm to manage and control its day to day activities.

(d) Only an independent firm may be certified as a MBE or WBE. An independent firm is one whose viability does not depend on its relationship with another firm. Recognition of an applicant as a separate entity for tax or corporate purposes is not necessarily sufficient to demonstrate that a firm is independent and non-Affiliated. In determining whether an applicant is an independent Business, the CC Director will:

(1) Scrutinize relationships with non-Certified Firms in such areas as personnel, facilities, equipment, financial and/or bonding support, and other resources.

(2) Consider whether present or recent employer/employee relationships between the Socially and Economically Disadvantaged owner(s) of the applicant and non-Certified Firms or persons associated with non-Certified Firms compromise the applicant's independence.

(3) Examine the applicant's relationships with non-Certified Firms to determine whether a pattern of exclusive or primary dealings with non-Certified Firm compromises the applicant's independence.

(4) Consider the consistency of relationships between the applicant and non-Certified Firms with normal industry practice.

(e) An applicant shall be certified only for specific types of work in which the Socially and Economically Disadvantaged owner(s) has the ability and Expertise to manage and control the firm's operations and work.

(f) The County shall certify the eligibility of Joint Ventures involving MBEs or WBEs and non-Certified Firms. To be considered an eligible Joint Venture, at least one partner of the Joint Venture must be a Certified Firm, with a share in the capital contribution, control, management, risks, and profits of the Joint Venture which is equal to its ownership interest. Each Certified Firm partner must contribute property, capital, efforts, skill and knowledge and be responsible for a distinct, clearly defined portion of the work of the contract. Joint Ventures must have an agreement in writing specifying the terms and conditions of the relationships between the partners and their relationship and responsibility to the contract.

TABLE OF CONTENTS FOR JUNE 19, 2012

(g) In lieu of conducting its own certifications, the CC Director by rule may accept formal certifications by other entities as meeting the requirements of the Program, if the CC Director determines that the certification standards of such entities are comparable to those of the County.

(h) The certification status of all MBEs and WBEs shall be reviewed periodically by the Office of Contract Compliance. Failure of the firm to seek recertification by filing the necessary documentation with the CC Director as provided by rule may result in decertification.

(i) It is the responsibility of the Certified Firm to notify the CC Director of any change in its circumstances affecting its continued eligibility for the Program, including decertification by another agency. Failure to do so may result in the firm's decertification.

(j) The CC Director shall decertify a firm that does not continuously meet the eligibility criteria.

(k) Decertification by another agency shall create a prima facie case for decertification by the County. The challenged firm shall have the burden of proving that its County certification should be maintained.

(l) A firm that has been denied certification or recertification or has been decertified may protest the denial or decertification as provided by rule.

(m) A firm found to be ineligible may not apply for certification for six (6) months after the effective date of the final decision.

(n) A third party may challenge the eligibility of an applicant for certification or a Certified Firm as provided by rule. Such challenges shall be signed and sworn by the individual challenging the eligibility of an applicant for certification or a certified firm. The burden of proof shall rest with the complainant. Such challenges to eligibility shall be subject to an appeal. The CC Director shall be the final arbiter of all challenges. The presumption that the challenged firm is eligible shall remain in effect until the CC Director renders a final decision.

Sec. 34-294. Annual aspirational goals.

The Annual Aspirational Goals for the utilization of MBEs and WBEs on County construction contracts and subcontracts shall be 24 percent for MBEs and ten (10) percent for WBEs.

Sec. 34-295. Project specific goals.

The CC Director, in consultation with the User Department, shall establish Project Specific Goals for construction Contracts based upon the availability of at least three MBEs and three WBEs to perform the anticipated subcontracting functions of the project and the County's utilization of MBEs and WBEs to date.

Sec. 34-296. Counting MBE and WBE participation.

(a) The entire amount of that portion of a contract that is performed by the MBEs or WBEs own forces shall be counted, including the cost of supplies and materials obtained by the MBE or WBE for the work of the contract, and supplies purchased or equipment leased by the MBE or WBE (except

TABLE OF CONTENTS FOR JUNE 19, 2012

supplies and equipment the MBE or WBE purchases or leases from the prime Contractor or the prime Contractor's Affiliate).

(b) The entire amount of fees or commissions charged by a MBE or WBE for providing a bona fide service, such as professional, technical, consultant or managerial services, or for providing bonds or insurance specifically required for the performance of a contract, shall be counted, provided the fee is reasonable and not excessive as compared with fees customarily charged for similar services.

(c) When a MBE or WBE performs as a participant in a Joint Venture, only the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the Joint Venture's contract that is performed by the MBE or WBE with its own forces and for which it is separately at risk, shall be counted.

(d) Only expenditures to a MBE or WBE that is performing a Commercially Useful Function shall be counted. To determine whether a MBE or WBE is performing a Commercially Useful Function, the County will evaluate the amount of work subcontracted, industry practices, whether the amount the MBE or WBE is to be paid under the contract is commensurate with the work it is actually performing and other relevant factors. To perform a Commercially Useful Function, the MBE or WBE must be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, installing (where applicable) and paying for the material itself. A MBE or WBE does not perform a Commercially Useful Function if its role is limited to that of an extra participant in the contract through which funds are passed in order to obtain the appearance of MBE or WBE participation. If a MBE or WBE subcontracts a greater portion of the work of a contract than would be expected based on normal industry practice, it is presumed not to perform a Commercially Useful Function. When a MBE or WBE is presumed not to be performing a Commercially Useful Function, the Certified Firm may present evidence to rebut this presumption.

(e) One hundred percent of the cost of the materials or supplies obtained from a MBE or WBE Manufacturer or Regular Dealer shall be counted. One hundred percent of the fees or transportation charges for the delivery of materials or supplies required on a job site shall be counted only if the payment of such fees is a customary industry practice and are commensurate with fees customarily charged for similar services.

(f) If a firm ceases to be a Certified Firm for any other reason than graduation from the M/WBE Construction Program during its performance on a contract, the dollar value of work performed under a contract with that firm after it has ceased to be certified shall not be counted.

(g) In determining achievement of Project Specific Goals, the participation of a MBE or WBE shall not be counted until that amount has been paid to the MBE or WBE.

Sec. 34-297. Contract pre-award compliance procedures.

(a) For all solicitations, the bidder/proposer shall submit a Utilization Plan detailing all subcontractors from which the Contractor solicited bids or quotations, and if Project Specific Goals have been established, its achievement of the Goals or its Good Faith Efforts to do so. The Utilization Plan shall be due at the time the bid / proposal is due.

(b) Any agreement between a Contractor and a MBE or WBE in which the Contractor requires that the MBE or WBE not provide subcontracting quotations to other Contractors is prohibited.

TABLE OF CONTENTS FOR JUNE 19, 2012

(c) Where the Contractor cannot achieve the Project Specific Goal(s), the CC Director will determine whether the Contractor has made Good Faith Efforts to meet the Goal(s). In making this determination, the Director will consider, at a minimum, the Contractor's efforts to:

- (1) Solicit through all reasonable and available means (e.g., attendance at pre-bid meetings, advertising and written notices) the interest of all MBEs and WBEs certified in the scopes of work of the contract. The Contractor shall provide interested MBEs and WBEs with timely, adequate information about the plans, specifications, and requirements of the contract to allow MBEs and WBEs to respond to the solicitation. The Contractor must follow up initial solicitations with interested MBEs and WBEs.
- (2) Select portions of the work to be performed by MBEs and WBEs in order to increase the likelihood that the Project Specific Goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MBE and WBE participation, even when the Contractor would otherwise prefer to perform these work items with its own forces. It is the Contractor's responsibility to make a portion of the work available to MBEs and WBEs and to select those portions of the work or material needs consistent with the availability MBEs and WBEs to facilitate their participation.
- (3) Negotiate in good faith with interested MBEs and WBEs. Evidence of such negotiation includes the names, addresses, and telephone numbers of MBEs and WBEs that were contacted; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and why agreements could not be reached with MBEs and WBEs. The Contractor may not reject MBEs and WBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. That there may be some additional costs involved in finding and using MBEs and WBEs is not in itself sufficient reason for a Contractor's failure to meet the Project Specific Goals, as long as such costs are reasonable. The ability or desire of a Contractor to perform the work of a contract with its own organization does not relieve it of the responsibility to make Good Faith Efforts on all scopes of work that could be subcontracted.
- (4) Make efforts to assist interested MBEs and WBEs in obtaining bonding, lines of credit, or insurance as required by the County or the prime Contractor, where appropriate.
- (5) Make efforts to assist interested MBEs and WBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, where appropriate.
- (6) Use the services of the Office of Contract Compliance, available minority/women community organizations, minority/women contractors' groups, government sponsored minority/women business assistance offices and other appropriate organizations to provide assistance in the recruitment and placement of MBEs and WBEs.

(e) In determining whether a Contractor has made Good Faith Efforts, the performance of other Contractors in meeting the Project Specific Goals may be considered. For example, when the apparent successful Contractor fails to meet the Project Specific Goals but others meet it, it may be reasonably questioned whether, with additional reasonable efforts, the apparent successful Contractor could have met the Project Specific Goals. Similarly, if the apparent successful Contractor fails to meet the Project Specific Goals, but meets or exceeds the average MBE or WBE participation obtained by other Contractors, this may be evidence that the apparent successful Contractor made Good Faith Efforts.

TABLE OF CONTENTS FOR JUNE 19, 2012

(f) A signed letter of intent from each listed MBE or WBE, describing the work, materials, equipment or services to be performed or provided by the MBE or WBE and the agreed upon dollar value shall be due at the time of bid proposal or within three days after such submission.

(g) The CC Director shall timely review the Utilization Plan before award, including the scope of work and the letters of intent from MBEs and WBEs. The CC Director may request clarification in writing of items listed in the Utilization Plan, provided such clarification shall not include the opportunity to augment listed participation or Good Faith Efforts.

(h) If the CC Director determines that the Utilization Plan demonstrates that the Project Specific Goals have been achieved or Good Faith Efforts made, with the concurrence of the User Department, the CC Director and User Department shall recommend award to Purchasing Agent Department.

(i) If the CC Director finds that a Contractor did not make sufficient Good Faith Efforts, the CC Director shall communicate this finding to the User Purchasing Department and recommend that the bid/proposal be rejected. A Contractor may protest this determination pursuant to the County's bid protest procedures.

Sec. 34-298. Contract administration procedures.

(a) Upon award of a contract by the County that includes Project Specific Goals, the Project Specific Goals become covenants of performance by the Contractors and incorporated in the contract.

(b) The Contractor shall provide a listing of all subcontractors to be used in the performance of the contract, and detailed subcontractor information to the County with each request for payment submitted to the County or as otherwise directed by the County. The CC Director and the User Department shall monitor subcontractor participation during the course of the contract. The County shall have full and timely access to the Contractor's books and records, including without limitation payroll records, tax returns and records and books of account, to determine the Contractor's compliance with its commitment to MBE and WBE participation and the status of any MBE or WBE performing any portion of the contract. This provision shall be in addition to, and not a substitute for, any other provision allowing inspection of the Contractor's records by any officer or official of the County for any purpose.

(c) The Contractor cannot make changes to the Utilization Plan or substitute MBEs or WBEs named in the Utilization Plan without the prior written approval of the CC Director, Purchasing Agent and the User Department. Unauthorized changes or substitutions shall be a violation of this subdivision and a breach of contract, and may constitute grounds for rejection of the bid or proposal or cause termination of the executed contract for breach, the withholding of payment and/or subject the Contractor to contract penalties or other sanctions.

(1) All requests for changes or substitutions of a MBE or WBE Subcontractor(s) named in the Utilization Plan shall be made to the CC Director, Purchasing Agent and the User Department in writing, and shall clearly and fully set forth the basis for the request. A Contractor shall not substitute a MBE or WBE subcontractor or perform the work designated for a MBE or WBE subcontractor with its own forces unless and until the CC Director, Purchasing Agent in consultation with the User Department, approves such substitution in writing. A Contractor shall not allow a substituted subcontractor to begin work until both the Director, Purchasing Agent and the User Department have approved the substitution.

TABLE OF CONTENTS FOR JUNE 19, 2012

- (2) The facts supporting the request must not have been known nor reasonably should have been known by either party before the submission of the Utilization Plan. Bid shopping is prohibited. The Contractor must negotiate with the MBE or WBE subcontractor to resolve the problem. Where there has been a mistake or disagreement about the scope of work, the MBE or WBE can be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.
- (3) Substitutions of the subcontractor shall be permitted only on the following bases:
- (i) Unavailability after receipt of reasonable notice to proceed.
 - (ii) Failure of performance.
 - (iii) Financial incapacity.
 - (iv) Refusal by the subcontractor to honor the bid or proposal price.
 - (v) Mistake of fact or law about the elements of the scope of work of a solicitation where agreement upon a reasonable price cannot be reached.
 - (vi) Failure of the subcontractor to meet insurance, licensing or bonding requirements; or
 - (vii) The subcontractor's withdrawal of its bid or proposal.
- (4) The final decision whether to permit or deny the proposed substitution, and the basis of any denial, shall be communicated to the parties in writing by the CC Director.
- (5) Where the Contractor has established the basis for the substitution to the satisfaction of the County, the Contractor shall make Good Faith Efforts to fulfill the Utilization Plan. The Contractor may seek the assistance of the Office of Contract Compliance in obtaining a new MBE or WBE. If the Project Specific Goal(s) cannot be reached and Good Faith Efforts have been made, the Contractor may substitute with a non-Certified Firm.
- (6) If the County requires the substitution of a MBE or WBE subcontractor listed in the Utilization Plan, the Contractor shall undertake Good Faith Efforts to fulfill the Utilization Plan. The Contractor may seek the assistance of the Office of Contract Compliance in obtaining a new MBE or WBE subcontractor. If the Goal(s) cannot be reached and Good Faith Efforts have been made, the Contractor may substitute with a non-Certified Firm.
- (d) If a Contractor plans to hire a subcontractor on any scope of work that was not previously disclosed in the Utilization Plan, the Contractor shall obtain the approval of the CC Director to modify the Utilization Plan and must make Good Faith Efforts to ensure that MBES and WBEs have a fair opportunity to bid on the new scope of work.
- (e) Changes to the scopes of work shall be documented by the User Department at the time they arise to establish the reasons for the change and the effect on achievement of the MBE or WBE goal.

TABLE OF CONTENTS FOR JUNE 19, 2012

(f) Prior to contract closeout, the CC Director shall evaluate the Contractor's fulfillment of the contracted goals, taking into account all approved substitutions, terminations and changes to the contract's scope of work. If the County determines that Good Faith Efforts to meet the MBE or WBE commitments were not made, or that fraudulent misrepresentations have been made, or any other breach of the contract or violation of this subdivision, a remedy or sanction may be imposed, as provided in the contract.

Sec. 34-299. Sanctions and penalties.

(a) The following violations of this subdivision may result in a breach of contract:

- (1) Providing false or misleading information to the County in connection with submission of a bid, responses to requests for qualifications or proposals, Good Faith Efforts documentation, post award compliance, or other Program operations.
- (2) Committing any other violations of this subdivision.

(b) A Contractor or subcontractor is subject to withholding of payments under the contract, termination of the contract for breach, contract penalties, or being barred or deemed non-responsive in future County solicitations and contracts as determined by the County's Purchasing Agent, if it is found to have:

- (1) Provided false or misleading information in connection with an application for certification or recertification or colluded with others to do so;
- (2) Provided false or misleading information in connection with the submission of a bid or proposal or documentation of Good Faith Efforts, post-award compliance, or other Program operations or colluded with others to do so;
- (3) Failed in bad faith to fulfill Project Specific Goals, thereby materially breaching the contract; or
- (4) Failed to comply in good faith with substantive provisions of this subdivision.

Sec. 34-300. Program review and sunset.

(a) The President and the Board of Commissioners shall receive quarterly and annual reports from the CC Director detailing the County's performance under the Program.

(b) The President and the Board of Commissioners will review these reports, including the Annual Participation Goals and the County's progress towards meeting those Goals and eliminating discrimination in its contracting activities and marketplace.

(c) Within five years after the effective date of this ordinance, the County will review the operation of the Program and the evidentiary basis for the Program in order to determine whether it the County has a continuing compelling interest in remedying discrimination against MBEs and WBEs in its construction marketplace, and the permissible scope of any narrowly tailored remedies to redress discrimination against MBEs or WBEs so that the County will not function as a passive participant in a discriminatory marketplace.

(d) This subdivision shall sunset on or before June 30, 2016.

COOK COUNTY CEMETERY

WHEREAS, recent events as well as investigations by the Cook County Sheriff have brought into serious question and unfortunate light, the manner by which the Cook County's indigent, unclaimed and unknown individuals have been buried; and

WHEREAS, disturbing practices have included persons stacked eight coffins high, bodies placed in coffins with unidentified limbs and skeletal remains from other bodies, medical waste and non-human debris, and coffins buried haphazardly in a manner making future location for personal or law enforcement purposes, difficult if not impossible; and

WHEREAS, such practices not only demonstrate an unacceptable lack of respect for the least fortunate among us and are unbecoming of a civilized society, but additionally impede ongoing criminal investigations in cases of unknown decedents, as the identifying characteristics of hundreds of unidentified remains buried by the County have failed to be entered into the NCIC (National Crime Information Center), the nationally recognized

database for tracking crime-related information; and

WHEREAS, the discovery of the above-mentioned practices led to the introduction and passage of an ordinance on May 4, 2011, setting new standards and safeguards for the manner in which burials of the indigent, unclaimed and unknown are handled in Cook County; and

WHEREAS, said ordinance clarified the role and responsibilities of the Office of the Medical Examiner in preparing the bodies for burial as well as the methods by which burials are to be conducted by cemeteries that have contracts with the county for such burials; and

WHEREAS, this Government is ultimately responsible for these individuals, and consequently it is in the best interest of the County and its residents for the County to once again operate a cemetery for the burial of our County's indigent, unclaimed and unknown persons; and

WHEREAS, for over a century, from 1854-1971, Cook County operated, maintained and administered its own cemetery, the most recent site having been located on the land adjacent to the Oak Forest Hospital, known as the Cook County Cemetery for the Indigent, where tens of thousands of individuals have previously been laid to rest; and

WHEREAS, the reestablishment of a permanent Cook County Cemetery would not only ensure that our indigent are put to rest in a respectful manner, but it would also facilitate proper documentation for law enforcement purposes, proper maintenance, as well as save the County millions of dollars; and

WHEREAS, with the use of approximately 5 acres of land contiguous to the location of the former Cook County Cemetery for the Indigent, the County could establish a cemetery capable of meeting the needs of the County for the next 100 years; and

WHEREAS, the aforesaid land is presently owned and maintained by the Forest Preserve District of Cook County; and

WHEREAS, since the Forest Preserve acquired said cemetery, no plan for addressing the former cemetery site has been forthcoming, and as such, ample opportunity still exists to determine a proper use of that parcel and the surrounding areas; and

WHEREAS, there exist several precedents for the co-existence of cemeteries on Forest Preserve property, including Bachelors Grove Cemetery, Sauerbier-Burkhardt Cemetery and the above-mentioned Cook County Cemetery for the Indigent; and

WHEREAS, the County Highway Department already owns the equipment necessary to operate and maintain such a cemetery; and

WHEREAS, the Cook County Sheriff has expressed a willingness and ability to provide sufficient labor necessary to operate and maintain such a cemetery; and

WHEREAS, based upon anticipated costs for the currently mandated indigent burial program, the reestablishment of a County cemetery can reasonably expect to save Cook County taxpayers in excess of \$175 million over the next 100 years.

TABLE OF CONTENTS FOR JUNE 19, 2012

NOW, THEREFORE, BE IT RESOLVED, by the Cook County Board of Commissioners that the Office of the Medical Examiner, the Office of the Cook County Sheriff, the Cook County Bureau of Administration, the Cook County Real Estate Management Division, the Cook County Highway Department, the Forest Preserve District of Cook County and any other agency deemed necessary are hereby directed to cause a plan to be completed and presented to the Board of Commissioners for the reestablishment of a Cook County Cemetery at the aforementioned site for the purpose of indigent, unclaimed and unknown burials; and

BE IT FURTHER RESOLVED, that said plan shall include the creation of an intergovernmental agreement between the County of Cook and the Forest Preserve District of Cook County to locate said cemetery on the 5 acres to the immediate west of the old Cook County Cemetery for the Indigent; and

BE IT FURTHER RESOLVED, that said intergovernmental agreement shall stipulate that the reestablished Cook County Cemetery shall remain Forest Preserve property in order to ensure its permanency; and

BE IT FURTHER RESOLVED, that said plan shall provide the structure by which the affected agencies shall coordinate and delegate responsibilities in order to establish, operate and maintain such a cemetery; and

BE IT FURTHER RESOLVED, that the results of the aforementioned plan shall be delivered to the Cook County Board of Commissioners no later than August 1, 2012, with an implementation date of January 1, 2013.

Effective Date: This Resolution shall be effective upon passage.

318484 DEPARTMENT OF PLANNING AND POLICY, BUREAU OF ECONOMIC DEVELOPMENT. Transmitting a Communication, dated May 15, 2012 from Herman Brewer, Chief:

transmitted herewith are the proposed uses for the 2012 Program Year for the Community Development Block Grant (CDBG); Emergency Solutions Grant (ESG) (formerly known as the Emergency Shelter Grant); and HOME Investment Partnerships (HOME) programs as well as specific project recommendations for CDBG. These funds are provided to Cook County via an annual formula grant through the U.S. Department of Housing and Urban Development (HUD) and are restricted for use within Suburban Cook County. The Cook County Community Development Advisory Council (CDAC) adopted these recommendations at a public hearing held on May 10, 2012.

The 2012 Program Year CDBG allocation is \$9,318,878.00. Related project funding requests exceeded \$20,000,000.00. The proposed uses of CDBG funds will benefit low- and moderate- income persons as detailed in the enclosed project recommendations.

The 2012 Program Year ESG allocation is \$767,133.00. The proposed uses of ESG funds include the provision of essential services, support of maintenance/operations costs for homeless shelters, and assistance for homelessness prevention. Given the ongoing HUD transition of the ESG program from the Emergency Shelter Grant to the Emergency Solutions Grant model including changing rules and regulations, the Cook County release of a request for applications has been temporarily placed on hold. Therefore, ESG project recommendations are not provided at this time.

TABLE OF CONTENTS FOR JUNE 19, 2012

The 2012 Program Year HOME allocation is \$3,677,940.00. The proposed uses of HOME funds include program administration and affordable housing development for the benefit of low-income persons. Given the cyclical nature of affordable housing development, HOME project applications are accepted throughout the year and presented to the Board for review and approval as required. No HOME project recommendations are provided at this time.

The proposed uses of all program funds including project recommendations for CDBG will be incorporated into the County's Annual Action Plan which will be made available for public comment prior to submittal to HUD by August 15, 2012.

I respectfully request approval of the recommended proposed uses and project recommendations as specified for the 2012 CDBG, ESG, and HOME funds; and that the Bureau Chief of Economic Development or his/her designee be authorized to execute, on behalf of the County of Cook any and all documents necessary to further the programs approval herein, including but not limited to, subrecipient agreements, intergovernmental agreements, amendments, and modifications thereto, loan documents, lien assignments, releases of mortgages and liens, and mortgage assumptions.

Chairman Sims asked Mr. Creticos to announce the date for the next meeting.

Mr. Creticos stated that the Committee had set for itself a deadline that the final map would be before the County Board on June 19, 2012. In order to accomplish this, he stated that the following schedule should be followed: May 31, 2012 a staff proposed map be made public, both by the redistricting website and through other resources, and obviously, directed to the committee. A public hearing on the map will be held on June 7, 2012 which would required that on June 5, 2012 the matter be brought before the County Board and then referred to the committee for an initial hearing on June 7, 2012; which this would give the public a full week to view the map.

Mr. Creticos stated that no action will be taken on June 7, 2012 and public testimony be heard. On June 14, 2012 the Committee will meet for final consideration of a map that would then go to the County Board on June 19, 2012.
